

Our chef is a nightmare in the kitchen! If the ingredients aren't the best available he blows his top. He's hell to work with – but you have to admit, he does make the most wicked gourmet pies.

SPICY MEXICAN

What's Involved in gaining the vegan certification?

The Vegan Certified programme is administered by the NZ Vegetarian Society, in collaboration with the Vegan Society of Aotearoa New Zealand. The Vegan Certified trademark helps consumers to easily identify vegan products from reputable manufacturers.

In order to be granted the certification we have to guarantee that all our Hub Gourmet Vegan pies and Café Rolls are **free from animal-derived ingredients**.

The NZ Vegetarian Society Vegan Certified trademark cannot be displayed on any product that contains, consists of, or has been produced with the aid of products consisting of or created from, any part of a living or dead animal, or any substance that has originated from an animal.

No cross-contamination during production

In order to be eligible for the Vegan Certified trademark, cross-contamination must not occur between the vegan product and non-vegan products/ingredients during production. If the same production line is shared with non-vegan products/ingredients, thorough cleaning must be carried out before vegan production commences. This extends to all associated machinery, equipment, utensils, surfaces and clothing, which must remain free from non-vegan products/ingredients before vegan products are touched, prepared, produced or packaged. Clear procedures must be in place to ensure correct packaging is used and errors do not occur.

GMO-free

Genetically modified ingredients or products containing genetically modified ingredients are not eligible to be licensed to carry the Vegan Certified trademark. (An exception is made for ingredients that contain genetically modified material at levels of less than 1% of that ingredient.)
